Our Program

Perry Creek Preschool was created to provide a fun, safe and clean environment for preschoolers to begin their educational experience. We strive to promote educational as well as social growth through a variety of activities and experiences designed to help your preschooler develop a life long love of learning as well as becoming comfortable with the social expectations of Kindergarten. Our program includes health projects, free play, creative arts, music time, story time and outdoor play. Special visitors meet your child's physical, social, intellectual and emotional needs. We also take field trips and offer free hearing, vision and dental screenings. We have achieved a Level 3 rating through the Iowa Department of Human Services Quality Review System.
